Application fields

Suitable for use in the food industry. Indispensable in companies cleaning, cafes, restaurants, bars, schools, toilets, shopping malls and public premises.

Method of use

It is used neat, spraying it directly on the surface to be cleaned, then rubbed and dried completely with a clean, dry cloth.
To clean surfaces with a high degree of dirt, you can use a sponge or cloth dampened with the product to rub lightly on the dirt and to then wipe with a dry cloth to achieve a perfect finish.

RESTRICTED TO PROFESSIONAL USES.

Properties

Product of high cleaning power, dissolves dirt instantly without leaving traces. Its bioalcohol content and its low surface tension make it evaporate quickly and homogeneously. Leaves surfaces residue-free, clean, shiny, and pleasantly scented.

All-purpose polishing cleaner for smooth, non-porous surfaces such as aluminum, office furniture, stainless steel. and Formica, it removes with great ease any type of greasy dirt, nicotine, fingerprints, etc., that we can find in offices, classrooms or dining rooms.
